➢ 6 month worked experience as a software developer in **Optimum Soft Solution Pvt Ltd Indore Now renamed Web Dev Technology Indore** from **Dec 2016 to July 2017**

Projects Undertaken:

Project #1 **:** SBI Reconciliation
Client **:** SBI
Team Size **:** 3
Role **:** Team Member
Duration **:** Oct 2017 to till

Description:

Designed the recon java web application for our client SBI.Reconciliation is an accounting process that uses two sets of records to ensure figures are correct and in agreement. It confirms whether the money leaving an account matches the amount that's been spent, ensuring the two are balanced at the end of the recording period. The purpose of reconciliation is to provide consistency and accuracy. We are developing the five different Reconciliation Modules they are **NEFT, SWIFT NEFT, IMPS, INDONEPAL, RTGS**

Environment: Java, HTML, Spring Boot, Spring, Hibernate, Maven, Apche Tomcat, MySql and Oracle.
Responsibilities:
➢ I have developed IMPS and Indo_Nepal Module using Spring Boot, Maven and Hibernate.
➢ Implements Controller Classes.
➢ Involved in developing code for all the layer.
➢ Written Spring Boot service interfaces and their implementations.
➢ Written DAO and their implementation of hibernate.
➢ Implement Hibernate component Deployment on server.
➢ Involved in analyzing Business Requirement, designing technical documents.
➢ Involved in implementations of Business Requirement.
➢ Interacting with Client for status report and issues/concerns.

Project #2   : Generic Medical software.
Client   **:** RG(Indore)
Team Size   **:** 6
Role   **:** Team Member
Duration   **:** Sep 2016 to July 2017

Description :

This project is basically built for medical agency to track than distribution for   different medical. Add agency remove agency and modify existing agency details. This software is used to track the details of medicals exported to specific medical center.

Environment: Java, JSP, Spring, Hibernate, SVN, Eclipse, JBoss My SQL and Oracle

Responsibilities:

- ➢ Involved in analyzing Business Requirement, designing technical documents.
- ➢ Involved in implementations of Business Requirement.
- ➢ Interacting with Client for status report and issues/concerns.
- ➢ Involved in developing code for all the layer.
- ➢ Implements Controller Classes.

Personal Information:

DOB   : 31-Dec-1988

Sex   : Male

Material Status   : Single

Language   : English, Hindi

Permanent Address   : Dhanare Colony Street No-3 Narsinghpur(MP) ,487001

Declaration:

I hereby declare that the above-furnished information's are true to the best of my knowledge and belief.

                                                                  Rajesh Mehra
